

ANTHONY TAYLOR, Sr.

WE MUST STAY EDUCATED FOR OUR SELLERS AND BUYERS

All sellers and buyers should know this information about your realtor.

Your realtor does more than what you think. I'm a realtor that knows it's not about waking up everyday and riding around showing homes.

We don't get paid for driving around cities and counties searching for Land, Homes, Commercial Buildings, Apartments and other real estate needs. We only get paid if the deal goes to close and sometimes that may take a few months. Sometime when a person contacts a realtor it's not about selling or buying a home. They could just need some help in finding an apartment for lease and just wanting to use the realtor as a locator. I always treat my apartment searching people the way as if they were a seller or buyer. I know one day they will be looking for a home and I might be the one who make it happen.

When becoming a realtor you don't just sleep or shop all day. You must get up with a plan that today you will make someone home ownership dreams come true. There are so many

bad things happening in world today it's hard to get people to trust you. As a realtor you must be at your best all of time. You must be there for your sellers and buyers when they need you. Most sellers and buyers depend on their realtor to get the job done and also to save them money.

Now in order for a realtor to gain the trust from the sellers

and buyers

Realtors must stay updated on all changes and not just the new ones.

The realtors must seek training though out the year not just at renewal time.

Thanks to Beazer Homes and Monica Conchola the Realtor Relation Manager. They are always offering MCE classes for the realtors.

These MCE classes really help realtor stay updated and sometimes it's help the realtors to just get away from the office and relax and learn something new as well. Monica and Beazer Homes do more than just give a MCE course. They make the realtors feel like kings and queens.

Monica makes sure that the realtors have more than enough

for breakfast and Beazer Homes make sure that we have enough space for the class. We also get the best MCE instructor in the State of Texas Mr. Charles Bascue. Charles Bascue has real estate back ground that goes back to 1965 and he's still the best of all times. Beazer Homes knows by keeping realtors updated on real estate changes it will help future buyers when coming to Beazer Homes communities. All the realtors really enjoy coming to the MCE classes, because it's more than just a class it's fun as well. Just take a look at some of these picture in this article. Here's just a few name of the realtors that didn't forget their business cards. Realtor, Anthony Taylor, Realtor Elaine Myers, Realtor Carmen Gardner, Realtor Ramon Galang, Realtor Linda Guerrero, and Realtor Vandan Patel their were many other in class they just forgot their business cards. Mrs. Elaine Myers won the prize of the day she was very happy about her prize.
